

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name

The piece that I choose to enter into the exhibit is a small purse that I had intended for my younger sister. Her favorite color is yellow and I felt like the contrast looked really good with the dark blue. Then the PCAP event was announced and I thought "what better art to submit!". It felt like it was meant to be, that it was the colors of the UofM! So now that I knew my colors and I knew about the show I enrolled and set to work. I hope that you like my work. It felt good to be able to do something for my sister, as well as the school that has ongoingly helped me through some health issues. Thank you.
