I'm Jamie and I'm from ESCANABA Mi.
I make a living by hunting trapping
and doing taxidermy. My life is in
the woods and I feel truly connected
to the wilderness and nature. More
so than any person. I draw what
I know and what I know is
animals. ~~Especially~~ Especially the
animals that are in my backyard
Also I am connected to native
american culture and live by
there many teachings that is my
life.
