

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Daniel McFate, I grew up being a shade tree mechanic taught by my Dad, The mustang is a car that I've always liked but never got to build, and the drawing process was actually easy because of my love for cars. Now the boat on the other hand is completely out of my element do to the fact that I've never done acrylic art so this was a challenge, The boat is just a boat, the water represents the rough times that we as people all face (loss of freedom, loss of loved ones, and loss of friends), The white flag at the top represents the surrender of my life to God.
