

Artist Name: "Tik Tok" Erik Swank

I am grateful for the opportunity to participate in such a wonderful program. It has given me some purpose in this vacuum of society and provided some space to express myself in a way that others wise don't exist.

This is my last show as I will be released before the show takes place. I hope something will be of interest to someone ~~and~~ none of it is a master piece but hopefully it will evoke feeling! Thank you for checking out my work
