

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Destrey McCoy ("THE PENCILIST")

I am a self-taught artist who loves to pass my time drawing nature, animals, and the things that I love. It seems like time passes in a different way while I'm creating my art. I like to draw in Black & white, but mainly I draw using oil pencils, I paint with them by breaking down the pigment with a brush cleaner. I love to use earth tone colors! I put a lot of time into each art picture and I'd like to say there is literally a small bit of myself in each work of art. I've always cared about our animals, and our Natural Resources and I hope this is somehow conveyed in my work. Feel free to write me if you'd like. I welcome all input and comments. Thank you for viewing my art and I hope you like it.
