

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Terry Stineback

My 2nd year of painting paralleled my 2nd year of college, which inspired me to be a little braver and take some chances. This includes trying a few new techniques, such as employing some textures (brush and palette spatula), as well as some differing compositions. I also pushed myself to incorporate more colors (and bolder colors), versus the earth tones primality utilized during my first year painting.

Creating art has been very rewarding. Thanks
