

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Mr Keith Swift

I have entered PCAP three years prior to the 27th Annual Exhibition of Artist. In 2021 I was in constant pain due to a medical condition that could not be taken care of due to covid. A year later all is well and I'm back to doing what I love, creating art work that is visually appealing and hopefully takes someone into a ~~minimum~~ ^{Ruminative} state.

Every piece of art that I've done is always labeled Reflections. Continuing on with the title this collection will be named Perfect Imperfections, Reflections continued. ^{GET} I the idea to create my pieces while listening to jazz and reflecting on my day as I decompress from being in a zoological habitation. Hopefully my work can put you at peace as well.
