Rest in Paradise "Samantha"

I draw to be inspirational
to people, that many have doubt
in them selves.
Because the concept of art, has come
from everywhere and everywhere
So when I draw its about the
style and the way it is created
looks a picture should be able to
take someone's mind, you know
change the mood and or think state
of mind. In my as some would
say enjoy, because the best is
still yet to come. I am awaiting my
business opportunity. Sincerely Yours
