

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Jimmy ELeven

I have been finding more inspiration in the living world around us - the world that is Nature. I see plants and animals in a new light - I see the many aspects of our relationship to this world. I want my art to show this relationship - how we fit in, and what it looks like when melded. I am also inspired by others that took this route. H.R. Giger and Allen Williams being two of my favorites. My new work is heavily inspired by them.
