I am choosing these pieces beuz, for one I Am Russian & the significance of my nationality makes me who I Am & Soviet era is for ever us, even to this Day. The Bolshevik party created the Russian superpower & the people & bear in debt to the Rodina (Mother Land) to this Day & respect must be given even when its hard to do

2.) My second piece is a dedication to the Dark plague there is something Dark about the Mask the doctors had to where, they use to fill the Beards of the mask with flowers & other plants & cloth beuz they thought it would stop the Black plague from entering their mask & getting into their lungs.
