

Artist Name: David Bender

During anytime I'm waiting I pull out a piece of blank white paper or a piece of cut card stock and start drawing and time tends to pass by much quicker.

First I draw a circle or oval and place a dot in it and before very long I have a Doodle Dude.

Or I attempt to draw a flower or a scene from nature. It's fun and relaxing and easily puts a smile on other people's faces.

Well I do hope my art is entered in the contest and maybe come in first or second. And maybe get purchased.

Thank You for your time and consideration.

Mr. Bender
