

Artist Name: LongBeard DD

This will be my 3rd year participating in The PCAP Art Exhibit Thank you UofM.

This year I have crocheted 2 more Pink Snakes upon request from last year. Also I have taken the yarn that I had left over to create The Bearded Man and coincidentally it kinda looks like me. I had to figure out the best way to make the beard and the bill of the hat he wears but I figured it out and am happy with the outcome. And I hope that you are also.

I am very grateful for this opportunity that the UofM gives us prisoners to participate in these Art Exhibits without which I might not have ever had the chance to do something like this or even thought to have done so. Thank You to everyone involved in The 30th Annual Exhibition of Artists in Michigan Prisons and PCAP for everything that you do. May you continue to grow. One day I would like to give back from the other side of the fence.
