

Artist Name: Ronald King Hood

Hi Everyone, and thanks for being here at the 30th Annual Exhibition of Artists in Michigan Prisons.

Many people have asked me why I do two-sided paintings, i.e., paint on both sides of my panels. The answer is I just like to give more. I want people to feel, if they have a King Hood painting that they like, they are getting a bonus King Hood original painting on the reverse side. I love to paint and I love sharing my paintings with everyone... so, my purpose is to simply give more of my art to those who like it, so they know I appreciate them as well.

Thanks for being here.
