

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Devin Lester (597459)

I admit that I wasn't really prepared for this event, hopefully I can plan for it next year and provide some really choice pieces of Art. This year I have two nice pieces the first one is a sort of Egyptian magical protective talisman. The Hieroglyphics on the crescent read, "Ra-hekka-nef" meaning "He Spoke many incantations" and below the Hieroglyphics read, "Netcher-ef-di-ankh-me-ray-djet-mari-saar-osir" meaning: "He is divine, given life like Ra forever, the beloved Son of Osirus." The Star represents the powers of heaven within which is eye of Ra. The crescent represents magic and Snakes represent protective forces watching in all directions. The Second piece is a mixed-media watercolor painting of Christ. To make the paint I removed the pigments from colored pencils and crushed them and mixed them with water. Anyway I hope these pieces are received well, Thanks and good hunting.
