

Artist Name: The love 1

I started crocheting about a year and a half ago. I started because it gave me a sense of purpose, plus I have a nephew who is artistic in when I started to send him home what I made it gave him the courage to open up, and it made him happy, so now I try to challenge myself to make character's that my son, Nices, or nephew like. and I donate them from time to time to Churches & Women's shelters. for the kids.
