Art relaxes me. My strength is in charcoal/  
pencil art, I've been encouraged to use color so  
this year I've branched out/expanded genres.  
A fine arts junkie, I cannot help myself. I  
thank God for gifts He's given me and for  
opportunities of growth. I'm a contemporary girl  
that loves to inspire as I create. All one  
needs is time.
