

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Albert Krakosky III

I'm the second oldest of 6 kids, I've always been inspired by my family to create art. My Father and Uncle inspired me the most as a kid. I started young and kept at it my whole life. It brings me joy when I can make people happy with my artwork. If I can help spread a message, or bring a smile to someones face. I love to inspire and motivate others. I'm inspired everyday by the world around me. My siblings started creating art as well, they inspire me. They make me proud.

- These two artworks are meant to spread awareness. The first for Autism Awareness, the second for cancer. I hope people enjoy them, and are inspired.
