

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Sybil Padgett

I enjoy gardening, especially pulling the weeds to lead other women to Christ. They come in bored and I call them over to help telling them about PCAP and the Fruits of the Spirit (Gal. 5:22-23), always wanting to know what is going on in their lives, too. I offer encouragement and support as I pick flowers grown by me and dry them all year awaiting for PCAP. My compassion in prison serving a Life Without Parole sentence is to release the elderly and those women here for decades. Its been an emotional journey - thank God for PCAP, Im blessed with Numerous Prison Advocacy groups and PCAP that help ease the burden of the harm Ive caused others, Knowing Im redeemed through a Spiritual Revival
