

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Steven McLogh #229994

I enjoy the art world and I've been drawing all my life, so over the years adding color to my drawings became a challenge. When ever I draw any kind of scenery, and using any medium gave life to my work. I prefer to use acrylics on ~~canves~~ canvases panels when I have them, but I'll work with what ever I have, pen, pencil, and color pencils are used to make cards, and these days and times backing's for J-players as you see with these pieces.

Scenery and nature and wild life brings me down to a humble state of mine, where I can see my self and being at peace and feel as if I was not in this place or world. (prison).
