

Artist Name: Yoope

I want to say I have always wanted to learn how to Crochet. Well with the extra time in ~~the~~ Prison I wanted to make the best of ~~it~~ my time, so I asked a few guys to help me to learn the art. After many years I wanted to learn to knit. Well I am pretty much self taught. As you may see I did my first blanket the Wishing and fishing, the biggest thing I learned was how to Change Colors. That was hard in itself. It sure is not like Crocheting. Crocheting I make many things Blankets, Hats, Animals, Just about anything. But the knitting I'm learning and hope in years to come I will master the art of knitting. I will say they both are time killers and soothing and calming. Thank you for the years of help from all.
