

Artist Statement — 29th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Daniel Mooney DM24

After many resentencing delays Dec 3, 2024 will hopefully be the end of my Life Sentence + my immediate release or parole eligibility. Alice IN Goth Land nearly did not get finished in time, because it is fantasy art, I was able to be lenient + mix realism w/ impressionism.

This piece probably being my last to show as a prisoner w/ PCAPS is dedicated to Buzz Alexander who I miss + owe thanks for his encouragement; and the piece is to be donated to Janie (Buzz's Widow) so she may do as she wishes with it.

As a freeman I will be working @ Splash of Color Tattoo Shop + of course continuing to grow as a artist. PCAPS is accredited with helping^{me} grow to find a profession w/ the art skills gained from years of dabbling w/ various mediums... I hope to attend this years exhibit and Thank Everyone @ PCAPS for all the work they've put into the vision of Buzz today!
