

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Angela d. fisher

after ~~over~~ <sup>nearly</sup> 3 decades of incarceration I have had the opportunity to meet many people from all backgrounds. I've learned that abuse, addiction and suicide affects all human beings... the homeless, and well off, gay, straight, brown or not. I've learned that words matter. I'm encouraging others with my "word art" that began on post it paper. My hope is that by spreading meaningful words around our environment our minds will begin to process the worth that each of us holds inside... and ~~begin~~ <sup>then</sup> share this with all people... to one <sup>day</sup> end homelessness, suicide and hate.  
Love Yourself and all others.
