Afrikkian-American

I was inspired to draw this piece and title it "Afrikkian-American. Because I was born a American and desendants of Afrikkia, My ancestors of the east, are past kings and queens. Meaning I too, possess royal blood in my DNA. Being born on the western coast ~~as~~ American, gives me the Independence, freedom, and reliable assets to become all I deem to be. Due to America's limitless opportunities. I am more than proud to be a African-American..
