

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: James G. Gostlin

The PCAP program has been the bright light in my life here for many years.

I enjoy and look forward to planning what I will be doing for the next

years show. I have grown so much in the years I have participated in

the Annual Exhibition. When I started I was only doing landscapes.

After years of practice I now have branched off into Fantasy Art Portraits

and other styles. This year I am entering some other styles plus my

Landscapes. Without this program I never would have found my potential.

I grow every day now and I do have worth. I am not just a convicted

criminal, I am an Artist.
