

Artist Name: Derrius D. Lambert

It has been 8<sup>+</sup> years now that I have been painting and creating on a consistent level. True enough it has helped me grow and evolve as a person and as an artist. But the main things for my dedication and success are my two beautiful daughters, Derriana & Nikita, who are my Dynamic Duo. Innocence, Love, Compassion, Honesty, Joy are some of the things they pull out of me. While love may be the biggest, another one is fearless. Which has been my driving factor in creating my art. Fearless to create, my art is my art and yes, I would like for others to get it but they don't have to. Seeing the beauty in creating is often difficult for the onlooker. So when I create I always see my Dynamic Duo in my art. Their light, their joy, their life, their abundance in "color". It's magical, warms your heart, fills your soul, & inspires humanity. So 8<sup>+</sup> years later, I am where I'm at because of them both. I owe it to my "Dynamic Duo".
