

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: J.E.N.F

What I would like to be perceived is how I, as an inmate view time in prison in three different ways. First how it drags out like a blade. Second, ~~and~~ how as inmates we're living out the phrase "out of sight, out of mind." We're stuck in time. Lastly, how father time is a machievous man & a mysterious one as well. But all from an inmates view point, (mine.)
