

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Pauly

I'm a 36 year old male. At the time of drawing my artwork, I have spent about 14 or 15 years in the m.d.o.c. I am a beginner at creating Art. it has only been about 2 months since i sat down and put my all into Art. I am 42 months and 4 flop's in Prison on Parole violation, on 8-9-22 I was told by Parole board I would be given a chance to go home, 8 weeks later it was another 12 months and it was rock bottom in my mind. besides being able to teach myself by reading books, There is nothing offered for me to better myself. No classes, no AA/NA, No collage, it's just waist away the days, months, and years, so I turned to creating Art it takes me out of this 6x9 Room. if your taking the time to read this Thank you and i hope you enjoy I put many hours into each piece
