

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: ARTHUR E. HARRIGER / I started drawing as a child. We draw what

appeals. Hating to be with people I ran to little woods 1/2 blocks from
home. I would see birds and various creatures. After school I spent
more time alone fishing hunting and camping. Anxiety melts. The heart
sings. Pictures were imPLanted as evidence in my works. when I
paint, I revisit. This allows me to share my world. My works
are not museum quality, yet I still love to create and share. I
see my ability growing with each piece. To be able to create a
vision enjoyed by others is a gift. I plan to create until I can't.
This precious gift, a present from Yahweh, I will always
enjoy.
