

Artist Name: Timothy E. FORSHEE

It is hard to believe this is my fifth year of having the opportunity to bring joy to others lives, through your program. Thank you for allowing me to participate once again. You may notice I have changed a few things, as I have gone "frameless", I started last year with one 9 1/2 x 11 and it was the first one chosen, so I decided to experiment with it. Seems to be a little more challenging, but at the same time it can make your mind believe there is no end to where the flowers travel, if that makes any sense? I have also been making free-standing Bifolds and Trifolds, which just enhances the creativity. It was a sad year for flowers this year, as the plan was to redo all the sidewalks, so horticulture was instructed not to plant in these areas. But I was able to be introduced to new medium, as well as new hybrid perennials that grew in different areas of the yard. I do have a question that hopefully someone can help me with. I sent a box with over twenty pieces to be sold at the South Haven Blueberry Fest on Aug 18, 2024. Sadly only (3) sold due to the clientele being wrong, so this box has been sitting out there since Aug 2024. Where could I send them so they can be sold, or donated for people to enjoy? I will ask when I see you on NW 21st. Looking forward to another successful exhibit.
