

Artist Name: Paul Hard

The one, my 1st attempt at oil paint was a really pleasant experience, I really looked forward to attending the class.

It boosted my self esteem and confidence in my abilities.

I enjoy painting water scapes. Lazy River was a rendition of section of river from my youth seen through my mind's eye.

I really tried my best to incorporate color reminiscent of my favorite artist Monet.

This class has been the high light of 2024 for me.

A big thank you to "Doc" Mr. Collison
the administration and everyone from U of M
for your continued support and encouragement to
all of us this year and years to come,

Sincerely,

Paul Hard Jr.
