

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Margaret Purke

This year has been a creative opportunity as well as an emotional growth ~~to~~ ^{part} Art to me has a release I find myself absorbed. Sometimes organized sometimes not. ~~Being creative~~ ^{Creativity} knows no bounds! It can be whatever you want it to be. I always try to convey emotions in my art and I hope that people will see the enjoyment I had creating them. I also want them to see that beauty and individuality can come from anywhere. I think it's important to connect with ourselves. Art and being creative allow me to do that. The originality that gives my art gives me a great feeling.
