

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Edward Loren "EVIL ED"

I have been drawing and other art related things since I was in my teens. It has always been a way to relax and express my self - feelings. I really prefer to draw and color my pieces in color pencil or graphite. Its just my favorite style. Most of my art work is of a dark nature hence the name EVIL ED. I've just always been in to horror movies and stuff. The pieces I've chosen reflect that mostly. Fighting relapse is my depiction of my life long struggle with sobriety. Beauty is more than skin deep is some thing I feel is beautiful even if its not to everyone else! Twiztid I WAS IN A bit of A spiral AT the time AND it just felt right. And the CAT some one showed me a picture of there cat AND I thought it WAS cool.
