Artist Name: Markby #446777

I Love The opportunity This Brings
to Both us as artist and Individuals alike
it instills Confidence, Patience, and more importantly
Purpose. a Purpose To reach Beyond our Comfort, a
Drive To strive To Be Better and Complete.
Something we start. in the End it's Days like today
when The Volunteers Come and Compliment us advise what
we've Created and Shower us with Compliment Positive
Feedback and Admiration.

This is a character Building Experience that
has Filled a Void for me in my Confidence that Drives
me To Continue.

Thank you To All involved.
