

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: MONTNEY

This year has been like no other for me, despite a pandemic and crazy living conditions I've had a productive ART year to go along with a Resentencing. So, the pieces I have done are more reflective of a past I'm letting go of and some show a few ~~of~~ my favorite places and artists from over the years. It's these people who help to ~~make~~ make these conditions a creative space. The friendships and learning that have gone on in these little cell, cubes or art rooms are some of the things that help us grow into better artist and better people.

Please edit your Artist Statement to the space provided.
