Hillbilly / Jason Bear Name: Blue Bumwhac

My name is Mike but over my teen year's I ended up with the nickname Trip do to the things I've done and the things I've made. I love working with metal and paint but in prison ill work with whatever's around. Art for me is a way to escape every day boredom and help in my recovery. Through the good and bad art has always been by my side. Anyway, these bears are something different from the "norm" I see made in prison. I never do what everyone else is doing so I hope everyone gets a smile from my crazy creation's. Please have a blessed day, All my love Trip. Michael Bieringer #654658
