

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Jay Goorhouse

I would like to present something that came from my heart, mind, and soul. Not the artist I would like to be, but all is gently creative to my mindset. This is something that I feel comfort, trust, tranquility. Hold close to me. I would like to share this as I wanted to make an attempt to show 2 iconic symbols that brought me to be a different man I am today, Please enjoy and feel connected.
