

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Gigi

I drew these pictures from the heart to express my creativity and to capture images not only of everyday people, but also scenes to invoke the imagination of the viewers. I feel that everyone will be able to relate in their own way to every individual drawing/ portrait and be able to see not only the meaning, but also the passion behind the art. I am honored to have been able to be given the opportunity to showcase my talent and I hope that they are enjoyed by the viewer if they are purchased.
