

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Willie Anderson, Jr

Hello, I have been drawing for years, and painting. It is a part of life in here, I do enjoy it. This type of piece I created is my favorite. I usually save them, and send them home, but this caught me by surprise this year. So I had to give up what I had.

It is called 2020, It sums up the struggle of fighting the pandemic, It takes place overseas where it all started and shines the spotlight on the smaller countries, than many did not pay as much attention to, but nevertheless had just as much as a struggle.
