

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Robert F. Evans

My first painting that I did took and sold over whelm me, along with the push from my Hobby Craft Director telling me to try.

Anyways here I am in year 2, putting in another painting. This one "US Americans" came to my thoughts many times throughout the Covid-19. The first time was when I got Covid-19 and laying in the hospital fighting for my life. As a Vet, I felt my fellow Vets and other Vets, along with the homeless Vets (yes, everywhere) going through this period. I prayed, prayed for us all.

Well, this painting represents not matter what we vets (or everyone) goes through, we all get up and reload our spirit to move forward.
