Artist Name: Melissa Kay Belonger

I have been confined to these 4 walls for 20 years. my art allows me to find peace, freedom from all the negativity here. the light house allows me to feel home because that was one of my spots I would go to when I needed peace from everyone at home. the see my beyond my # is because you only see me as my #. the wings is my grandmother who passed two years who was born 12-6-30. who watches over me every day. who believe in my art work.
