Beautiful Chaos

The first piece is called "~~Beautiful in Chaos~~ Beautiful Chaos".
Through everything intentionally chaotic in this
piece, I made it as breathtakingly beautiful
and vibrant as I could.

The second piece is called "Gabby". My niece
Gabriella always said she was the Archangel
Gabriel. When she got Leukemia she called me
and told me she "clipped" her wings. Said she
didn't need them anymore. It's a dedication to
Gabby.
