

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Sean Sage

I have chosen to start crafting to pass time in a positive, healthy, and productive manner.

I purchased a similar piece for my sister who is a fan of Mexican culture, especially Dias De Muerta, and subsequently wanted to challenge myself to make something myself.

I hope that I am able to encourage other men to start a new hobby and moreover hope that it becomes therapeutic for them as well.

I look forward to finding other projects which I can use to express myself and then give to people who will appreciate them.
