

**Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners**

Artist Name: Robert Hills (Spyder)

In my piece "Justice for All?" the cage is carrying a pair of handcuffs, a symbol of justice, freedom, life... all the things America is supposed to stand for.... the SWAT sniper symbolizes the force that is taken against it's citizens and what is done to our justice, our freedom, our lives, in the name of justice. Michigan is the only state that does not have incentives for good behavior or early release. Where is the "Correction" in the Michigan Department of Corrections? Our country is bleeding and needs to be repaired! There is only justice for some... not all.
