

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: J.E.N. Finley 

I maybe a man, even a man who has made some vary bad choices and yes I did what I did but by no means am I a bad man. I hope that my artwork is proof of this or hints at it. Im only twenty two but I have big dreams, and a big heart that I am slowly mending throughout my duration of my incarceration in MDOC. My art is not only helping me mend, but it also gives me a voice to share with others. You ask me what do I hope others will understand from looking at my art? I hope that they agree with me when I say "Theres infinite beauty in peace & harmony with time." I also hope they read the script on the back becaus I wrote it to help comprehend the artwork.
