

Artist Statement — 29th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Alec Piper

I want to thank the Prisoner Creative Arts Program for allowing me to participate in this years event. Art is a big thing in my life, it has helps me escape the walls of these prisons, in a metaphorical sense. Since I was little, I have had the dream of being an artist. I love art because there is always more to learn and hone. While my art right now may not be Spectacular, I see improvement with every drawing I create. Art records my growth as an artist and as a person. As of now, my goal in the future is to create my own graphic novel.
