

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Sybil Padgett

My art work is a personal experience to share with others. It provides me a sense of belonging to something other than MDOC. It eases my struggle to survive in a dark place. Especially, as I grow the flowers, pull the weeds and "pressing" the flowers inbetween the pages of a book with toilet paper. My art pieces is the perfect chance to breeze through life energetically with a seeker of challenge and being opened to new ideas and exploration; as I serve LWOP under limited opportunities of a personal experience - to share with - (Others) on such a grand scale as PCAP!
