

Artist Name: Roberto Berded

Hi I'm Roberto Berded I like to crochet and have been doing this for a couple of years. But this is my first time entering any Exhibit. I think its time to let people see of what I can do or I'm capable of doing. I chose these colors because they are my favorite ones. I hope that you see the pattern I worked a lot of hours just making the squares then sewing them together. I hope that people will see this blanket and get ideas of what they can do with strings of YARN'S I will continue to crochet and make many different things. I can only get better I hope that others will get inspire to creat their own blanket or what ever they decide to make. To me crocketing lets me be free and its relaxing too.
