

Artist Name: Daniel Turrentine

Since childhood art has been a close friend. After coming to prison my relationship with art has become one of healing & growth. This is a direct result of the existence of P.C.A.P. which has afforded me a platform to share this exploratory journey with others. With an intent & hope of positively impacting others. P.C.A.P. has changed my life. And I will forever be grateful to all of its member & all of you who visit, comment, & purchase our art. Thank you all, for all you do, for all of us.
