

## Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: PANDAMONIX

My whole life I've had a sense of humor. And quite a dark sense of humor. Ever since I have been incarcerated I became angry, bitter, + depressed. The injustices I've face in the "justice" system. The level of racism I face on a daily basis + Everything you think you won't have a problem with. Well, I let it get to me +, just earlier this year I've tried to hang myself. If you havn't noticed, it didn't work. Now I try to embrace other things better. So my submission is fashioned after a stop light. People joke that asian women have parts that are sideways. So an asian stoplight should be sideways, right? the light is yellow + so am I. And after everything I've endured + watch others that look like me endure during COVID I've decided ~~it~~ I must take "caution when yellow", He He. Hope you enjoy! Thanks for your time. I say GOOD DAY TO YOU!
