

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name:

Tony Vandee

During my spare time I like to do artwork to ease my time and give myself focus on the ideas I come up with. How I come up with ideas and chose what I will create, I tend to find by things I see that inspire my work.

The particular process I used with my selections comes from recycled materials and design and also colors I favor.

I hope others can see a part of my vision of creativeness of my choices of design and colors as they would also like and enjoy. My art is made of all paper repurposed.
